Final Rites For Herb Munson

Herb Munson, a mailman here for 30 years until his transfer about six months ago to Palmdale, died at his home Tuesday morning. He was 52 years old.

Mr. Munson was working in the yard at his home in Acton, near Palmdale, when he apparently suffered a heart attack.

Almost a Sierra Madre institution, Mr. Munson started with the local Post Office in October, 1926. He had served here under five postmasters and will be long remembered by residents of his route for whom he performed little acts of kindness.

One of Herb's dearest friends in Sierra Madre was a little dog, named Sparky, who waited for him every morning at the Post Office and accompanied him on his rounds. After more than a year, the friendship was abruptly ended when Sparky was killed by a car on Auburn Ave.

Mr. Munson's route here took in Highland and Mariposa and Auburn west to Michillinda.

He is survived by his wife, Emily, a young son, both of Acton, and one brother, Ivan Munson, of Pasadena.

Graveside services will be held at 3 p.m. today at Rose Hills Memorial Park in Whittier. His many friends visited for the last time yesterday at the Valley View Mortuary in Palmdale.

MRS. GEORGE TYREE dons the coolie-type chapeau she will wear the night of the Sierra Madre Nursery School Dance in the Santa Anita Turf Club. Highlight of the evening's entertainment, as you've probably guessed, will be a hat-judging contest. Members of the dance committee, in addition to Mrs. Tyree, are, from left, Mrs. Jack Thorpe, Mrs. John Boldemann and Mrs. Robert Danielson. The affair will be March 30.

Parcel Tags Not Needed, Louk Advises

Many postal patrons still are needlessly writing "may be opened for postal inspection" on parcel post packages, Postmaster Charles Louk said yesterday.

Mr. Louk stated Postmaster General Arthur E. Summerfield had asked postmasters throughout the country to call public attention to the fact that it is no longer necessary to take the time and trouble to put the notation on parcel post.

A recent rule change abolished the requirement that sealed parcel post packages contain the notation or be subject to higher postage rates.

Formerly, if the mailer sealed the parcel post package and did not indicate that it could be opened for postal inspection, it was subject to the higher first-class postage rate, collectible from either sender or addressee.

Peter M. Messe Succumbs After Long Illness

Peter M. Messe died in his home at 734 Fairview March 16 following a lengthy illness.

A native of Italy and formerly of Lake Geneva, Wis., he had lived in Sierra Madre the past three years. Mr. Messe built the drive-in shopping center here across from the Post Office.

He is survived by his wife, Jennie Messe; one daughter, Mrs. Joseph Delgatto, of Sierra Madre; three grandchildren, Peter, Joseph and John Delgatto, all of Sierra Madre, and two brothers, John Messe, of Chicago, and Francis, whose home is in Italy.

Recitation of the Rosary was at St. Rita's Church Monday morning. The Requiem Mass was at 9 a.m. Tuesday. Interment was in Ressurrection Cemetery in South San Gabriel, with the Ripple Mortuary Chapel in charge of arrangements.

Merchant Opinion Tally Set

A campaign to enroll Sierra Madre merchants in the National Federation of Independent Business was started yesterday by Charles W. Heckathorn, district manager.

Mr. Heckathorn is distributing opinion ballots to businessmen here which will be tabulated and the results sent directly to Rep. Edgar Hiestand. The ballots ask merchants whether they favor, for example, an increase in postal rates, a strengthening of the anti-trust laws and other questions currently being considered by Congress.

Mr. Hiestand said the ballots are a great help to him, since they represent a cross section of opinion from businessmen on current legislation.

The National Federation, Mr. Heckathorn said, is an organization of independent businessmen whose main purpose is to see that legislation enacted in Washington will directly benefit the independent merchant.

Thief Has Best Picture in Town

M. McDonald Seymour, 516 N. Michillinda, nearly sent for a repair man last week when he turned his television set on and nothing happened.

First, though, he went outside and to check the antennae. You're right. No antennae! Somebody had removed it during the night, wires and all.

Instead of a repair man, Mr. Seymour called the Sierra Madre Police, who are scanning the rooftops in search of one slightly used antennae.

Former Resident Succumbs at 85

Frank Bohren, a former Sierra Madrean, died March 12 in a Los Angeles Hospital. He was 85 years old.

Mr. Bohren resided at 185 N. Mountain Trail before moving to La Verne, Calif., in 1949. He is survived by his wife, Louise May, and one son, Robert C. Bohren, Columbus, O.

Private services were conducted at the Pasadena Mausoleum, March 15. The Ripple Mortuary Chapel was in charge of arrangements.

Home Builders More Cheerful than Tearful

By Sewall Clark

There is a residence here in Sierra Madre that might be described as a haunted house—haunted by the happy ghosts of people still very much alive.

It is the home of Mildred Berkey, a widow residing at 620 Orange Drive, her 12-year-old daughter, Joan, a student at John Marshall, and Mrs. Berkey's sister, Margaret Auker, also a widow.

So much for the statistics. What about the ghosts?

The ghosts are in the roof, the walls, and the flooring of the two new rooms which will be occupied this week for the first time. They're even in the bathroom — the new bathroom which now turns the house into a two-bath abode. They are the spirits of about 40 persons from the U.S. Naval Ordnance Test Station in Pasadena who built the rooms with their own efforts and engineering skill. They even raised a bit of money besides, just to give a gal a helping hand.

THE CIRCUMSTANCE that brought about this proof of man's fellowship was a combination of many things, including multiple sclerosis. Multiple sclerosis is a difficult name to pronounce, tough to spell, and it's even tougher when you've got it—or when it has got you.

But if the sob-sisters depended upon such ones as Mildred Berkey they would starve to death. Her story, in spite of its sad chapters, is more cheerful than tearful.

When she and her husband, Ralph V. Berkey, came to California from Spokane, Wash., they found a one-room cabin on a piece of land in Sierra Madre at the Orange Drive address which they liked.

On one side was the family of Arthur Hewitt, a once-upon-a-time editor of The Sierra Madre News and now assistant managing editor of the Los Angeles Herald-Express, and on the other side was the home of Lorne Pratt, Sierra Madre councilman and public relations executive on the staff of the Hollywood Chamber of Commerce. Later, with the part-time help of these neighbors, the Berkeys built a small house in front of their one-room apartment.

AT THE TIME of her husband's death in September, 1955, Mildred Berkey had been working for the Naval Ordnance Test Station since January, 1951. As a widow with a young daughter it wasn't easy, but when she discovered in March of 1956 that she had multiple sclerosis life became even more

City May Authorize Pool Bids Tuesday

Plans for the proposed swimming pool in the water grounds on E. Sierra Madre Blvd. are expected to be far enough advanced to permit the City Council to advertise for bids at its meeting Tuesday night, it was learned yesterday.

The pool, as being designed by Robert H. Ainsworth, architect, will be rectangular in shape and 40 feet wide and 100 feet long. It is expected to cost $75,000 to $80,000.

One snag, the problem of constructing facilities to handle overflow water from the pool, has been solved. City Administrator Lawrence C. Bevington said Arcadia officials have granted Sierra Madre permission to hook onto the Arcadia sewer line which runs down Sierra Madre Blvd.

ALTHOUGH THE initial cost of constructing a feeder sewer line from the pool will approximate $3,500, Mr. Bevington said Sierra Madre eventually should recover this money when residents of the area find it necessary to have their own sewer lines installed.

According to a time table worked out by city officials, bids on the pool will be authorized March 26, a bid will be accepted in April and the pool should be completed by July 15.

The Council also is expected to discuss Assembly Bill 3161, which establishes a master Civil Defense Plan, at its next meeting. The city may also hire a part-time CD director for Sierra Madre to succeed Dr. Daniel D'Arcy, who wants to resign.

MR. BEVINGTON said yesterday that the bill, which is being proposed by the Los Angeles County and City CD Planning Board, has as its purpose the establishment of a master operational plan; organization of a unified warning system; procuring and storage of equipment and supplies; contract for utilization of equipment; negotiations for funds; conducting of a public relations program; proposal of legislative program relative to civil defense and provide an orderly line of authority.

Districts would be set up similar to the sanitation district to finance the program. Revenue would be secured by placing an ad valorem tax not to exceed two cents per $100 assessed valuation on all property within the district.

Mr. Bevington reported to the Council as follows:

"I hesitate to state it is not a good bill but it appears that the multiplicity of governmental agencies already creates problems in the taxing fields as well as other areas and that more time should be spent working within the governmental agencies already created, rather than new agencies."

Red Cross Drive Lags Far Behind Goal of $6,910

Sierra Madreans, as of last Friday, had contributed $2,075 to the 1957-58 fund drive of the American Red Cross, an amount far below the $6,910 goal, Florence Peterson, local executive secretary, announced yesterday.

The goal for Sierra Madre this year is the highest that has ever been established here.

"It is vital," Mrs. Peterson said, "that all citizens of Sierra Madre contribute something to this worthy cause so that we can realize our goal."

She explained that the Red Cross funds have been seriously depleted this year because of several disasters, such as the floods in the southeastern part of the nation. There is an average of one disaster every day of the year in which the Red Cross assists.

Paving Job Pulls Cypress Court From Spring Mud

Residents of the Cypress Court area here will be rescued from the mud this week with the completion of the belated city paving project.

The Osborn Construction Co. started paving the area Wednesday and are expected to be finished by the end of the week. The area has been torn up for about a month.

The city also started relining water pipes on S. Mountain Trail, Laurel Ave. and Esperanza. In some locations, the $11,000 project will cause a temporary interruption in water service.

WAC Pvt. Beverly A. Tancrell, daughter of Mr. and Mrs. Leo G. Tancrell Sr., 415 W. Highland, Sierra Madre, recently was assigned to headquarters company at the U.S. Army Garrison, Fort Myer, Va.

Private Tancrell, a clerk, entered the Women's Army Corps in February, 1956, and completed basic training at Fort McClellan, Ala.

Snag Seen In Trail Fill Plan

A new snag developed yesterday in the proposed canyon fill project along Mt. Wilson Trail when it was learned that an adequate title search will cost approximately $1,000.

The fill application, sought by Melvin L. Bowman, 655 Fairview Ave., is expected to set a precedent for future development in Sierra Madre.

Mr. Bowman plans to subdivide about 15 mountainside acres he owns and contends he can get into the area over land he recently acquired along Mt. Wilson Trail. The only improved road into the area is privately owned by residents.

The city instructed T. Guy Cornyn, city attorney, to make a title search to determine the matter of access. Mr. Cornyn, in a letter to City Administrator Lawrence C. Bevington, said:

"I called on the Title Insurance Co. . . . to inquire about the title search to determine the matter of access to the Bowman property. The title company has a record of Ordinance No. 192 and accompanying map by which the city purported to declare Mt. Wilson Trail a public street 40 feet wide, as indicated on the map.

"However, the title company stated that in order to provide a complete report of easements and other possible means of access in the general area it would be necessary to make a complete search of the records affecting all of the ownerships in this area, and that the estimated cost of this would be from $750 to $1,000. In view of this I did not order any report.

"While I was there they made a rather cursory examination of the records and it appeared that the only public easement was the one covered by Ordinance No. 192."

Little League Plans Meeting

A meeting of interested children of Little League age and their parents will be held in the Youth Hut March 28 at 7:30 p.m., Hal Green, recreation director, announced yesterday.

Any one interested in the organization, management or other aspects of the Little League are invited to attend.

Pasadena College Head Resigns

Dr. W. T. Purkiser, president of Pasadena College since 1948, has resigned, effective July 1.

There was no immediate word as to the selection of Dr. Purkiser's successor.

The college executive said he is resigning to accept the chair in English Bible studies at Nazarene Theological Seminary, Kansas City, Mo.

Dr. George Coulter, president of the College Board of Trustees, expressed appreciation to Dr. Purkiser for his contribution to the college and the church during his 20 years at the Pasadena institution as instructor and president.

Dr. Purkiser, in addition to his college duties, has remained active in affairs of the church, serving as a member of the general council of the Nazarene Young People's Society for two four-year terms.

He was elected to represent the Los Angeles District of the Church of the Nazarene at the last three quadrennial General Assemblies.

Name Emile Smith Kiwanis Director

Emile Smith, a partner in the Sierra Madre Hardware Co., has been named a director of the local Kiwanis Club, it was announced yesterday. The Kiwanis Club meets for Luncheon every Tuesday in The Woman's Clubhouse.

MRS. THOMAS MOTZ, right, who will direct Sierra Madre's Memorial Crusade for the American Cancer Society, discusses plans for the April 10 door-to-door life saving event with Mrs. Robert Ringle, district chairman. Mrs. Motz, incidentally, recently was selected Mrs. Sierra Madre in the Mrs. America contest sponsored by the Southern Counties Gas Co.

Henry D. Allen Is Former Silver Shirt

By Harry Elwood

At 79 years of age, Henry D. Allen is a soft-spoken man with a fringe of gray hair, a Roman nose and a slightly florid face. He resembles a retired rancher who has lived his life innocently in the pursuit of a few head of cattle.

Yet, as the facts and his own statements soon make obvious, Mr. Allen has lived a great portion of his life pursuing Jews.

Mr. Allen is a frustrated individual, a man obsessed. He is convinced that the Jews are united in an international Zionist cabal dedicated to the destruction of Christianity, the overthrow of Democracy and the subversion of what he considers the true American way of life.

HE IS responsible to a large degree for the unrest in Sierra Madre. He has distributed anti-Judist literature (his own term) through the mail to Sierra Madreans.

He has participated and was undoubtedly the guiding spirit in meetings at the home of his daughter, Mrs. Lloyd Schramm, 249 Wilson, Sierra Madre. He has paid unsolicited visits on at least two, and probably more, Sierra Madreans.

Mr. Allen, furthermore, has served prison terms at San Quentin and Folsom Penitentiaries.

He is better known, however, as a former leader of the Silver Shirts, an organizer of the American White Guard and prominent figure in Fascist circles generally. He has been mentioned in such terms specifically by the ultra-conservative Dies Committee on Un-American Activities and by Jack Tenney's Joint Fact-Finding Committee on Un-American Activities in California.

MR. ALLEN lives at 1601 Milan, South Pasadena. He believes he is an exemplary citizen, although he prefers to forget his activities of 30 or 40 years ago.

Sadder still, he is convinced his viewpoints are the only ones worthy of consideration.

His activities were first observed in Sierra Madre at a special meeting of the Board of Education last Feb. 7, shortly after the Board adopted a statement of policy on sectarian religion in the public schools.

Several times during the meeting he conferred with his son-in-law, Lloyd Schramm, who as you may recall, made some inaccurate remarks about the cameramen present at the meeting.

That same evening anti-Semitic literature was distributed outside the school, although, in the interest of accuracy, authorities believe Mr. Allen had nothing to do with this episode.

A FEW days later, Mr. Allen distributed an anti-Semitic tract to several Sierra Madreans in which he purported that the action of the Board of Education was part of a Zionist plot.

A somewhat revised version of this letter appears in the March issue of "Defender Magazine," published in Wichita, Kan., by the notorious anti-Semite, the Rev. Gerald B. Winrod.

Active in pro-Nazi organizations in the 1930s and '40s, police records and newspaper clippings reveal that Mr. Allen has been arrested several times and convicted twice.

HE WAS first arrested in Los Angeles on May 17, 1910, and charged with "uttering fictitious checks." He received a three-year suspended sentence.

On May 12, 1912, he was apprehended in Philadelphia, and charged with being a fugitive and brought back to Los Angeles. (Apparently his suspended sentence was revoked.)

On July 1, 1912, he was committed to San Quentin for one year. He was discharged from prison May 1, 1913.

On April 21, 1915, he was committed to Folsom from Santa Barbara on a forgery charge. He was released Oct. 3, 1916.

On Feb. 1, 1919, he was arrested in Los Angeles County, charged with suspicion of a felony and was released on his own recognizance. (There is no record of the disposition of the case.)

On June 31, 1924, he was arrested in San Francisco and charged with "uttering fictitious checks." (No disposition of case.)

On Oct. 5, 1925, the Los Angeles Police Department issued a bulletin, No. 233, stating that Mr. Allen was wanted for uttering fictitious checks. He was arrested but again there was no disposition of the case.

He has used the following aliases: Harry Alien, H. A. Allen, H. O. Moffett and Howard Leighton Allen.

AS A PROFESSIONAL agitator, Mr. Allen has a long record of association with numerous organizations that fattened on the sincere desires of many Americans to keep out of World War II. Most of these groups are now defunct, even if their moving spirits are still with us.

He is mentioned in the book "Undercover," by John Roy Carlson, on Pages 137, 146, 173, 387 and 444-45.

The 1943 report of the Joint Fact-Finding Committee on Un-American Activities in California contains the following paragraph on Page 259:

"Henry D. Allen was connected with the American White Guards, which was definitely pro-Fascist in character. Allen testified before a congressional committee that he had at one time been a Silver Shirt leader and had been authorized by Mrs. Leslie Fry (Paquita Louise De Shishmareff) to make a tour of the country at her expense. He had gained the confidence of the Pasadena Chapter of the America First Committee and was scheduled to speak at one of its meetings on June 6, 1941, but the people of Pasadena protested and his address was cancelled."

THE VOLUME "It's a Secret," by Henry Hoke, published in 1946 by Reynal and Hitchcock, Inc., contains references to Henry D. Allen on Page 31, 33 and 202. The reference on Page 202, regarding a sedition trial, states:

"None of the 'big frogs' . . . before the grand jury were indicted for sedition. There was Henry D. Allen, Dan Gilbert, Guy Jeunemann. . . . Allen probably evaded indictment because he decided to turn state's evidence. Allen was a West Coast liaison man who was in and out of a dozen movements. He had a record of serving in both Folsom and San Quentin. His testimony should shed much light on the whole pro-Nazi conspiracy. . . ."

MR. ALLEN'S testimony was referred to in the following paragraphs from the report of the Dies Committee on Un-American Activities in the United States:

"Cooperating groups — the committee has found abundant evidence of the cooperation of certain other organizations with the German-American Bund. This is a more serious matter than is the direct strength or influence of the bund itself.

Editorial

Mr. Henry D. Allen, Etc.

In the Letters to the Editor column this week is a message from Henry D. Allen. On Page One is a story about Mr. Allen's activities here and his background.

It's not pleasant writing or printing derogatory remarks about an individual, even about one who may deserve it so thoroughly as does Mr. Allen. But in this case, I thought it necessary.

For it is because of Mr. Allen and of others who hold his extraordinary viewpoints that Sierra Madre is still racked with bitterness, that unfounded rumors are still being circulated as fact and that scurrilous literature is still being distributed to decent citizens of this community.

Mr. Allen is a professional agitator. His voice, even at 79, is deep and resonant. The more unstable elements among us have, I feel certain, been influenced by his tirades against our Jewish fellow-citizens.

There are those who sincerely believe that silence is the only answer to bigotry. Just keep mum, they argue, and the foul air will blow away. I don't subscribe to this point of view.

By keeping silent we often, unwittingly, to be sure, lend assistance to the raucous voice of the lunatic fringe. We permit the fanatic to carry on unchecked and unchallenged.

Silence, in turn, permits people like Mr. Allen to sow the seeds of hatred in the minds of people who otherwise might not accept them. When Mr. Allen and others of his stamp are exposed for what they are, most of his supporters, I'm sure, will desert his camp.

We can expect more from Mr. Allen and the professional bigots. Personally, I think it would be a violation of our constitutional provisions regarding freedom of speech to silence by law those who attempt to create discord and disunity. The facts, made public, will do a far more effective job in this respect than a club.— H.W.E.

REGRETS DECISION

Page 5 of the March 14, 1957, issue had many signatures based on a sort of "declaration of human values" entitled "Let Us Strengthen Our Community."

My signature was not there—it could have and should have been.

This is a shame-faced confesssion, inasmuch as I now see myself as one who accepted as fact a rumor which I now see to be baseless with ugly overtones. The rumor was "Those who sign the 'petition' (which was the paper from which the signatures were obtained) will have their names printed under a "declaration" entirely different from that to which they affixed their signatures."

I subscribe wholeheartedly, without reservation, to every last word in last week's "declaration," as printed, and am embarrassed that my name did not appear there, rather than the other way 'round.

PAUL LANDWEHR

Dear Sir:

The barrage of criticism directed against the presentation of Christmas playlets and Nativity Scenes of Christ's birth, in the public schools of Sierra Madre, obviously stems from those who seek and plan the destruction of Christianity. Along with the repercussions resulting from the School Board action to abolish such presentations, the controversy has developed a sizable crop of multiple interpretations and definitions for the term "sectarian," and for its negative term, "non-sectarianism."

In the first instance, Christianity is NOT a sect. It is one of the world's great religions, and as such, has been the most powerful single influence in all history. Christianity, however, has become divided into some 200 separate movements, as for example, Catholics, Lutherans, Baptists, Episcopalians, Mormons, Christian Scientists, etc., any one of which could be defined as a sect, or as being sectarian.

But, regardless of the number of "splinter" Christian Church organizations, the great heart of America is preponderantly Christian, and the historic basis of our American society bears vivid testimony of our acceptance and loyalty to Jesus Christ, the founder of Christianity.

At the present moment, when Christianity is being attacked on all sides, and betrayed by those preachers who should teach it, a clear definition of the term "non-sectarian" is needed. Strangely enough, the term is found embodied in the constitutions and declarations of principle of nearly all the more important national, patriotic, and religious organizations. It is also found in the names of outright subversive organizaions—for example the "Non-Sectarian Anti-Nazi League."

In contemplating the founding and miraculous growth of this nation, firmly rooted in Christianity, from which has developed our national and personal conception of integrity and honor, there comes a sad but portentious deduction, because of the omission of the word Christian or the name of Jesus Christ from the constitutions and the declaration of principles of such national, patriotic and religious organizations—and which must be subscribed to by those who would become members or leaders of same.

Instead, the term "non-sectarian" is found to be repeatedly stressed which, in the minds of many, raises an implication, impossible to escape, namely: that non-sectarianism is equivalent to a denial of Christ and Christianity.

In other words, no person should proclaim his Christianity, because to do so is to bring upon one's self the "stigma" of being sectarian. Consequently, in order to comply with the principle of "non-sectarianism," it is obvious that one must renounce Christianity — or at least cloak it with silence, so that the sensibilities of a handful of minority citizens be not offended.

The question, however, assumes a much more sinister aspect when this policy is imposed upon young, immature minds, not yet having had the opportunity of understanding the greatness of their Christian religion and the need to defend it against all inroads made upon it by its secular arch enemies.

Washington News

By Edgar W. Hiestand, Rep. 21st District

Last week I had the honor of testifying before the House Rules Committee on my resolution to cut government spending by $6.8 billion—or to reduce the proposed 1958 budget from $71.8 billion to $65 billion.

Some of the figures that I presented show just how vast our government has become in the past 17 years. You may be interested in reading them.

In 1940, the United States population was 131 million. In 1958 it will approximate 171 million, an increase of 40 million, or about 31 per cent.

But in 1940 the U.S. budget was $9 billion. The proposed budget for 1958 is almost $72 billion, an increase of 800 per cent!

Even if we translate the 1958 dollar into terms of 1940 buying power, the budget requests for 1958 amount to at least 400 per cent more than your government spent in 1940.

Think this over when you fill out your income tax return. Think this over, too:

Our national debt approximates $275 billion. The combined national debts of the 32 largest nations outside the iron curtain add up to only $152 billion—just over half of ours.

Moreover, all of the combined budgets of these 32 nations of which we have record add up to only $60 billion. In other words, we are asked to spend 20 per cent more than all of the nations outside the iron curtain combined!

* * *

OPTIMISTIC NOTE — Potential government savings of $562 million per year can result from Hoover Bipartisan Commission recommendations which so far have been put into effect, or are being put into effect, according to the Citizens' Committee for the Hoover Report.

One of the chief recommendations of the Hoover Report is that government get out of competition with its taxpaying citizens. In the last fiscal year the government sold 171 pieces of surplus real estate and took in $27 million. This was six times the receipts from such sales four years ago.

Recent developments include the sale to private industry of synthetic rubber plants, an armor plate plant at Gary, Ind., a foundry at New Castle, Pa., a tin smelter at Texas City, Tex., and the scheduled sale of magnesium plants at Painesville, O., and Wingdale, N.Y.

Such sales help you taxpayers two ways. You save the operating deficits and expenses of these industries, and their taxes help your national treasury.

MORE WOMEN WORKING —An all-time high in the employment of women was reached in 1956. This emment averaged almost 21 million for the year, and amounted to nearly a third of the nation's working population.

Women are getting top jobs, too. Nearly a million women were listed as managers and proprietors—about twice as many as in 1940.

More women are working in factories. In knitting and textile mills and tobacco manufacturing, women are about three-fourths of the total work force. Many women also work in electrical products, footwear, paper products, food processing, canning and packing plants.

About half the women are working wives. Women are the heads of the household in some 5,000,000 families, and nearly half of these women household heads are working.

The average age of women workers is rising steadily. At the turn of the century it was 26. Now it is almost 40.

RECENT URGING for an increase in postal rates doesn't seem so alarming when we consider what the rates were when Uncle Sam began issuing regular postage stamps in 1847.

That year the letter postage rate was 5 cents; 10 cents for extended distances. This was regarded as "cheap," as the rates had been reduced to this figure shortly before.

The 5-cent rate lasted until 1851 when it was reduced to 3 cents. The rate remained at this figure until it was cut to 2 cents in 1883. Except for a World War I increase to 3 cents, the 2-cent rate continued until 1932.

I've often said that our 3-cent mail rate is today's biggest bargain, and these figures help prove it.

Incidentally, hearings will open in about a week on a bill to raise postage rates. I'm receiving many protests on the amount of "junk mail" sent to households, and with backyard incinerators due to be outlawed we won't even be allowed to burn this mail any more.

Around the Square

By Marjorie Parker

Fire Chief Jim Heasley started all these recollections by sitting, hat in hand, at Nina Neale's desk, inquiring about insurance. Insurance for a float, that is, a volunteer firemen's float to appear in the Monrovia Day Parade.

As he answered Nina's questions the float began to take shape. It would have a trailer, but the trailer would be steered independently. There—ah—might be some water—ah—sprayed. And then memory gave an assist—the volunteer firemen's float of the first Sierra Madre Pioneer Days! If the boys are planning another of the same, we should all go over and line Monrovia's streets and laugh.

For that original firemen's float was a dilly. Constructed as a take-off on Old Snort, it was equipped with all the inconveniences plus a wildly-costumed crew with water pumpers and good aim.

The whole town stood back and laughed helplessly as the boys careened down the boulevard. Nobody seems to remember if it won a prize but it should have.

And remember Ken and Jean Kearney as the Union General and his lady? And Lorne Pratt as Lincoln, riding on the rear of a motorcycle up and down the parade to be sure it was all there? And was it that year when Tom Schwartz and Noren Eaton and a burro prospected from Mountain Trail to Michillinda, or vice versa?

No subsequent celebration ever touched the first one for community participation and spontaneous fun. It stays pressed in the book as a good time in the town.

SHOULD YOU happen to want to know the time of day—pop in the door of the Safeway and ask Al, the head butcher. He will not only give you the time, but take the watch off his wrist and hand it to you. It is a handsome timepiece and was just given to him by Safeway chiefs for 25 years service.

Al is John A. Wilson, spent all 25 of the rears in the Pasadena area and the watch couldn't have happened to a nicer person, thumb and all.

AN UNDERCOVER agent sends in the word that Nature magazine had published a poem, "Winter Fragment," written by Cynthia Eaton. She is the daughter of Noren and Lucile, a student at Carleton College, and another of her poems will be published again by the same magazine in the near future.

DON'T FORGET that the second instalment on property taxes becomes delinquent on April 10. And isn't something else due around then?

Lee Shippey asks *What Do You Think?*

Our town is pretty lucky to have its own hospital. My own recent hospital experience showed me that. I was rushed to the emergency ward at St. Luke and found the waiting room jammed.

It was a Sunday evening, and men, women and children hurt in traffic accidents were awaiting their turns. None of those I talked with were from Pasadena. All were Sunday drivers out for a good time. They had been rushed to the nearest hospital. It often pays to have one near.

* * *

I WAS there when the hospital received its first patients by helicopter. We patients got a buzz out of that.

* * *

RECENTLY I've been letting the world totter on the best it could without my comments.

Now and then I feel tempted to tell our traveling salesman, Mr. Dulles, that it might be good if he could sell some of his ideas to Nasser or the Afro-Asian block instead of exclusively Mr. Eisenhower's. But so many friendly things have happened to me lately I just don't want to annoy anyone.

The surprising thing is that the world has stumbled along just about as well without my adviec as it did before. Come to think of it, if good advice could have saved the world it would have been saved 2,000 years ago.

* * *

ONE NIGHT in the hospital, only a curtain separated me from a life and death drama. All night long it lasted, but eventually blood transfusions saved a life which several times had seemed beyond saving.

Maybe some Sierra Madre blood saved that life?

Around and About

Edward Lloyd Voorhees

It was nearly 10 o'clock that February night when we reached the mainland of Sicily. The train was now cold, and Palermo still a long ride away.

Trusting the judgment of a seemingly well-informed gentleman who had boarded the train at Messina, I changed my choice of a hotel for Palermo to one he said was new and far better. I still admit that its name, Albergo Sole (Hotel of the Sun), was indeed inviting. The gentleman left the train at a small city before Palermo, wishing me enjoyment of the comfortable quarters ahead.

In a very long drive in the open horse-cab from the station after midnight, the damp sea-cold pierced my overcoat, sweater, heavy three-piece suit, but I looked forward to a room and bed that would soon compensate.

AT LAST my cabby deposited me and my baggage at the hotel desk, took his fare and tip, doffed his cap, and doubtless hurried home. Then I became aware that the vast, high-ceilinged lobby seemed colder than outdoors, and that it was unfinished, with window openings without glass, and a plank ramp leading up to the mezzanine. Repairs, I thought; maybe a recent fire.

The clerk informed me there was only one room left, at the top. No elevator, and on our way up, the "facchino" (with the key and my baggage) and I walked on planks that bridged naked girders, past windows without glass, unfinished open rooms, and up long stairways with temporary treads that required a balancing act at times.

Down a side corridor of various turns we arrived at a small, attic-like room which, I still have no doubt, was colder than any Esquimaux igloo would have seemed. At any rate, under the six blankets thoughtfully provided, whose sheer weight slowed down my circulation and resistance, I spent my coldest hotel night, with all of me but my scalp-lock under the covers.

NEXT MORNING before 7 o'clock the whole building was resounding from the hammers, saws and trowels of energetic workmen, no doubt thankful for their jobs.

I dressed quickly, shivered through a shave, clutched my baggage, and found my way down to the office without falling through any of the various apertures. I declined the clerk's proffer of "a room with heat sometime later this morning," paid my bill, hailed a horse-cab outside the door, and we drove off. I asked my cabby to name several good hotels. In the list, he mentioned the one I had intended to go to originally!

I said, "Let's go there." We did, and it proved so satisfactory that it may prove interesting to particularize the reasons.

CANDID COMMENT

By Fred Edmunds

"Buy Allen—sell Sullivan!"

This seems to be the consensus of TV audience opinion, according to recent news of the video entertainment industry as reportedly reflected by audience surveys.

This is in reference, of course, to the Steve Allen and Ed Sullivan shows, facing each other every Sunday eve at the same time. It's no secret that both shows have, for some time, been competing for the attention of the nation's channel dwellers and only recently, surveys have shown that the Allen show is getting the majority of viewers. Trendex, among others, has garnered this report.

But, speaking of audience ratings, has anyone in this audience been queried about their dialing habits lately? Has anyone been queried, period? For the life of me, among all the people I know, I have yet to hear of any being asked, either by telephone or letter.

So, the question still persists. Where are the legions of people contacted by surveyors that supposedly give the opinions that supposedly represent the TV viewing of some 40,000,000 people?

* * *

BUT TV can give rise to possible new sources of income; maybe even new fortunes. For instance, in case anyone is interested, here's a tip on a brand new business in which you can be the pioneer!

As far as I can see, someone is going to make a new million by supplying the need for round-edge razor blades in all these commercials plugging the merits of various shaving creams and lotions. Any takers?

* * *

CHILD LABOR has been dramatized on TV. Take a recent drama program starring Jack Benny. In the show he was honored by being retired after 30 years of service to a fictitious store.

According to Benny's own census, that would put him in the employment office of the store at the tender age of nine!

'Lost City of Olmec' Set By Children's Theatre

"Lost City of Olmec" was chosen this week by members of Arcadia Children's Theatre as the title for their original musical play. Performances will be in the Arcadia High School Little Theatre on April 5 and 6.

Country Cousins of Casa Colina are selling tickets for the opening performance on Friday evening, April 5, as a benefit for Casa Colina. This will be followed by a matinee and an evening show on Saturday.

Tickets are available at the Toy and Patio Village in Sierra Madre and at Shugert's and Tots-to-Teens in Arcadia or may be purchased from Children's Theatre members.

Ticket sales are in charge of Margaret Hefti, chairman, ELgin 5-3075; Mary McKey, ELgin 5-2382, and Alice McCaslin. Inasmuch as an early sellout is anticipated, tickets will not be available at the door.

HAVING SPENT two months in research and study of Mexico, both modern and ancient, the children have devised a play depicting the problems of an American archeologist seeking to unlock the past which preceded the Aztec and Mayan civilizations. Teen-agers in the group interviewed archeologists working at the Arboretum as part of their research.

Two backdrops have been designed by the children and are being painted by them. One depicts a modern plaza scene, the other an imagined ancient Olmec market place where artisans are making objects for barter.

Designing and making simple costumes is another important part of this cooperative venture. Girls have decorated white blouses with crayon, paint and embroidery while the boys have made masks of various types. Elaborate feather headdresses and stylized wigs are being made by the older children. Serapes and rebozos have been improvised; various clay figures have been moulded and glazed, and string and hand puppets have been fashioned.

LARGER PROJECTS include the making of a well for the plaza, a puppet theatre and a "grand castillo" for the finale which features a fiesta on "Cinco de Mayo."

Creative dancing as well as the traditional Mexican folk dances are being used throughout the play. Learning simple phrases in Spanish and singing Mexican songs is helping to create an authentic folk background.

The cast for the present production includes 78 boys and girls between the ages of 6 and 16. Mrs. William Stewart is the director and Mrs. Charles Morse the art director.

Arcadia Children's Theatre is a cooperative theatre arts venture with each mother helping in some phase of the production. Those who have been active in workshop activities include Ethel Blakely, Joan Boldemann, Mitzie Bush, Marny Chase, Betty Crook, Alice Dauben, Helen Feichtman, Phyllis Hauk and Ann Herr.

Betty Howard, Marian Johnson, Betty Keatinge, Eunice Koch, Evelyn Mishuck, Janet Phillips, Marty Schneidewind, Dorothy Smith, Alice Wittig and Betty Willis. Pam Campion serves as general chairman.

When It's Your Move

Whether in checkers or the game of life a well prepared plan and a well trained, disciplined mind are essential so that each move has purpose—is in the direction of its goal. A surprise move by an opponent—an emergency in life may require drastic changes in your immediate "move" but these can be successfully handled by the disciplined mind and are proof that well thought out, long term plans are not futile.

No life is complete, no life is well rounded without training and education of the highest moral tone. The proper move for training the spirit is to go to your church regularly. Let nothing that would interfere with your keeping a social or business engagement keep you from attending your church each Sunday!

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

Home Builders More Cheerful

——Continued from Page 1

complicated—to put it mildly. She needed her job, but she was stricken.

That was when her friends at Naval Ordnance and her sister, Margaret — Mrs. Willard "Bill" Auker of Seattle — decided to do something about it.

Mrs. Joan Gorz at the Naval Station supplied the impetus for getting contributors. A. A. Billmeyer and Gleb Spassky did the blueprinting for the new additions to the house that would make room for the recently widowed Margaret, a sister who wanted to do all she could by moving in to meet the need.

So Mabry Van Reed and Lawrence Perry, men of the Navy research station who live in Sierra Madre, took over the jobs of supervising the foundations and framing of the necessary rooms at 620 Orange Drive.

They, along with 40 unsung heroes from the Naval unit, put their talents to work last November. They worked as plumbers, carpenters and electricians Saturdays and Sundays from 8 a.m. to 5 p.m.—and because the girls at the house served them nourishment they called it: "Nothing but a long coffee break."

THERE'S A THEME suggested here that the sob-sisters might dwell on; we've all heard the talk of "man's inhumanity to man," but here is a chance to mention man's goodness to man. You could really make something out of it couldn't you?

But Mildred Berkey, who is better known as "Millie" to her working companions, already has heard the story about the old days when friends would gather round to rebuild a farmer's barn that had burned to the ground. She may have thought it nothing but a community legend, something that could never happen to her, and yet it has.

In the meantime, Margaret has been driving her sister, "Millie," to work at the Naval address where, just recently, Margaret has found a job also. Her work there not only contributes to the sisters' budget but saves her from making so many trips back-and-forth as she previously was doing. This week she is spending her spare time moving the furniture so necessary for the new rooms built for a sister who has come to help a sister. Sistership, apparently, is just another spelling of brotherhood.

There still is a collection of boards and junk in general in the yard, left from the building spree. Neighbors such as "Bompa" Creighton, and helping hands from all directions, are invited to take what they need for fireplace wood. The women at 620 Orange Drive need only the wood, and the spirit thereof, that has been used to meet their emergency.

So that's the way it is. Their house is haunted—but happily.

Folks who despise work are usually the easiest to work.

Dr. Harvey B. Snyder, chairman of Pasadena College's Scholarship Committee, announced yesterday that his institution had received a scholarship fund set aside especially for the use of American Indian students.

According to Snyder's report, the fund was made available by the Adult Sunday School Class of the First Church of the Nazarene, Albuquerque, N. M. It will provide a grant of $2000 ($100 for each semester) per school year, and may either be renewed a second year or given to another student at the end of the spring semester.

Complete administration of the fund is to be by the college's scholarship committee.

Frank Paul, a freshman ministerial student, has been selected to receive the award this year. His mother, Mrs. Ruth Francis, lives in Pamah, N.M.

Completion of $225,000 Church Project Voted

The congregation of Bethany Church, at two recent business sessions, decided to complete the current building project, Dr. Robert Schaper, pastor, announced yesterday.

At the time of the first meeting, nearly $33,000 in cash donations and building note-purchases was needed to complete the $184,000 building contract financing. Between the first and second business sessions—four days—nearly $12,000 in donations and building note purchases was realized.

The congregation accepted this, Dr. Schaper said, as a demonstration of God's provisions and voted to authorize completion of the building and pray and work for the needed remaining $21,000.

A total of $7,900 in 5 per cent building notes is all that remains of the original $125,000 issued by permission of the state corporation commissioner. The church hopes to sell these remaining notes to any interested parties in the immediate future. The rest of the funds needed must come by cash contribution.

Dr. Schaper pointed out that the entire building project will represent an investment of nearly $225,000, all provided by the church and its interested friends, and without benefit of outside assistance.

Ex-Convict Active in Religious Fracas

(Continued from page 1)

For example, in August, 1938, a so-called anti-Communist convention was held at the bund headquarters in Los Angeles at which Hermann Schwinn, leader of the bund on the West Coast, was one of the principal speakers; and Arno Risee, bund leader who has since fled the country, was one of the two or three persons most active in promoting and making arrangements for the convention.

"According to the testimony of Henry D. Allen, one-time Silver Shirt leader, organizer of the American White Guard, and prominent figure in Fascist circles generally, the following persons participaated in this convention:

"Kenneth Alexander, Southern California leader of the Silver Shirts; J. H. Peyton, of the American Rangers: Charles B. Hudson, of Omaha, Neb., organizer and leader of America Awake, who accompanied General Moseley when he appeared before the committee; Mrs. Leslie Fry, alias Paquita Louise De Shishmareff, mysterious international figure who has since fled the country, then leader of the Militant Christian Patriots; representatives of Italian Fascist and White Russian organizations; and a number of others of similar point of view . . .

"It is clear to the committee that this convention was in no real sense an anti-Communist convention but rather another of a series of attempts to unite some of the various forces of intolerance, racial hatred, Naziism and Fascism in order to achieve greater influence in the United States . . ."

This background information on Mr. Allen is far from complete. It would take a book to do him justice.

FIRE FLAMES

By James Heasley

After having been stopped for running a stop sign, the driver was asked if he had failed to see the traffic markers? "Oh, yes, Officer, I saw the sign, but I didn't see you."

CHIEF McMILLAN was examining a candidate for the police force.

"If you were by yourself in a police car and were pursued by a desperate gang of criminals in another car doing 40 miles an hour along a lonely road, what would you do? The boy looked puzzled for a minute, then replied: "Fifty."

FIRST LAWYER: "You're a low down cheat!"

Second Lawyer: You're an unmitigated liar!"

Judge (rapping): "Now that the attorneys have identified each other, we shall proceed with the case."

PRISONER: "Judge, I don't know what to do."

Judge: "Why, how's that?"

Prisoner: " I swore to tell the truth, but every time I try, some lawyer objects."

MODERN FIRE departments operated by skilled and well trained men are kept alert by constant and regular study of the area they are responsible for. To do this they must be acquainted with the construction of buildings in their jurisdiction.

In most cities, including Sierra Madre, there are three types of building construction: fire resistive, brick and frame. The first has fire resistive walls, floors and roofs. The brick type has masonry walls, joisted floors, interior partitions and structure of wood, with sometimes heavy timber construction. The frame type is of wood throughout.

Because the local firemen are semi-volunteers, much of this important training is omitted, and yet much is known of the hazardous locations. The response to fire calls here has been without criticism, and the early arrival is vital. Many fires that could have easily reached a major stage in a short while have been stopped.

There can't be any harm in reminding residents that the rains promote growth of weeds and unwanted high grass which endanger areas that reach to loose woodpiles or rubbish.

It's spring again. I have had such a wonderful time this week in the garden. To me this is one of the most exciting times of the year. Bulbs that were put in the ground long ago and forgotten are now sending forth their tender little blossoms without any request for care or cultivation. They just appear as a lovely surprise after the bleak winter. The buds on the trees are fairly bursting forth with their new growth for the year. The forlorn look of the land will soon be gone and the world will be ripe and lush again. To me it is like a rebirth.

* * *

MRS. JOSEPH PHILIPSON of 1485 Old House Road had an intimate group of friends in for luncheon last week to honor Mrs. Aikman Armstrong.

* * *

DR. AND MRS. LINUS C. Pauling of 3500 Fairpoint left last Friday to spend a week on their ranch up near Cambria.

* * *

MR. AND MRS. WILLIAM F. Nash of 3100 Mesa Loa Lane spent this last weekend up Lake Arrowhead with Mr. and Mrs. William Wetmore as guests of Mr. and Mrs. George Richter, who have a home there.

* * *

GIRL SCOUT Troop 365 recently held a cute money-making luncheon at the home of Mrs. Eldon Osburn. The scout mothers and one guest were invited, and the girls made the entire luncheon as well as furnishing and making the prizes. There was a turnout of 24 guests, and they all opined that the scouts could cook for them any time.

While Mrs. Osburn was telling me about the luncheon she casually mentioned that she had eight houseguests from Barstow last weekend. I said no one has eight houseguests, and she said, I do. They were Mr. and Mrs. Reamer, Dr. and Mrs. William Clover and the three Clover children.

* * *

MR. AND MRS. JOHN Wills of 2941 Doyne Road recently entertained their dancing group in their home. They have gotten a group together and are taking lessons in the Wills home. Among the guests were Mr. and Mrs. Paul Mechler, Mr. and Mrs. John Price, Mr. and Mrs. Robert Lockard, Mr. and Mrs. Robert Bridges, Mr. and Mrs. Charles Moore, Dr. and Mrs. Gordon Spencer and Mr. and Mrs. C. R. Miller.

* * *

MRS. W. H. DUNNING and her 22-month-old son, Hal, of 3323 Barhite had an experience that neither one of them will forget for a long time. For Hal it was the stuff that dreams are made of, but Mrs. Dunning opines that she had enough to last a lifetime. It seems that Mrs. D. was unloading groceries from her car which was parked in the carport with parking gear and brake firmly positioned. Hal was play driving the wheel, and before his mother could stop him, released both brake and gear and took off at a merry pace over the lawn, felling trees, fence, neighbor's mailbox and ending up as happy as a lark in the neighbor's lawn. He always knew he could drive a car!!!

THE FOOTHILL GUILD of the California Institute for Cancer Research held its board meeting last week at the home of Mrs. John Chapman, 1595 Old House Road. They met to discuss their new Gourmet Lecture series which will feature on their next lecture, Chef Maurice Tominet from the Huntington-Sheraton Hotel. The meeting will be held at the San Marino Women's Club on April 11 and tickets will be available to the public at the door. The time is slated for 10:45 a.m. Chef Maurice is going to demonstrate the preparation of a crown roast of lamb and all the accompanying dishes for an Easter dinner.

Ranch Nursery Set For 'Spring Cruise'

Four scenes will be set in various rooms of the Altadena Town and Country Club when the Hastings Ranch Nursery School holds its Spring Cruise Dance there April 13. To lend atmosphere to the theme, guests will find Japanese, Hawaiian, German and Parisian decorations.

More romantically the room themes have been named Teahouse of the Flowers, Malahinis Aloha, April in Paris and Hoffbrau.

Dips and chips will be served from 8 to 9 p.m., during which there will be a pianist playing in the German room. The Hot Toddies will play for dancing from 9 p.m. to 1 a.m.

This final fund-raising activity of the school for the year has been planned by Mrs. David Zinsmeyer, ways and means chairman, and a hard-working committee.

Assisting are Mrs. Max Marco, in charge of decorations, Mrs. Alan Stearns, Mrs. Clyde Seitz, Mrs. George Newhouse, Mrs. James Dunlapk, Mrs. James Wilson, Mrs. Glen Atchley, Mrs. Leroy Sprague, Mrs. Donald Rose and Mrs. Henry Dabkowski.

300 Exhibits Ready for Flower Show

America's largest and most beautiful floral spectacle, the California International Flower Show, opened at Hollywood Park, Inglewood, last Saturday. The show will be presented through March 24, and be open daily from 10:30 a.m. to 10:30 p.m.

The more than 300 floral exhibits occupy seven acres, all indoors. Headlining the presentation this year is the largest and finest orchid garden ever assembled in the west, jointly sponsored by the Orchid Growers Association of America and Chrysler Corporation.

More than 30 spectacular gardens head acres of cut flowers, and imaginative exhibits of the retail florists. Also commanding attention are Garden Clubs on Parade, the shopping center showing the latest in garden aids, and the international section with exhibits by foreign nations.

Six full-size tile and ceramic patios have been installed by students of UCLA, while other educational exhibits provide information for the home gardener and for those interested in horticultural education.

Among the headliners who will vie for $50,000 in cash prizes will be dramatic garden scenes of Persia, The World of Palms, Japan, and numerous others. One tropical garden contains a wide variety of colorful tropical birds.

Kevin Masser Has Party

Kevin Masser celebrated his third birthday Saturday at a 10:30 to 12:30 party, with a tot-type luncheon served at noon. He is the son of Mr. and Mrs. Harry Masser Jr., 3890 Canfield.

Kevin's small guests were Kitty Coates, Barbara Petit, Donald Lewis, Johnny Caldecott, Dick Leffingwell and Johnny Spadig.

DR. MEAD SPEECH

Dr. Margaret Mead, internationally known anthropologist, will discuss "Adjusting to Our Shifting Responsibilities" at the Tuesday Evening Forum, March 26, 1957, at 8 p.m. in the Sexson Auditorium, Pasadena City College.

SEVERAL GROUPS OF Blue Birds and Camp Fire Girls attended the Trinity Presbyterian Church together on Go-to-Church Sunday, part of the celebration of the 47th birthday of the Camp Fire organization. This scene was repeated at the Methodist Church in Sierra Madre and others throughout the United States last weekend. The anniversary will be climaxed with birthday parties at Eugene Field and Sierra Madre schools this week.

Pasadena Junior League Chooses New Officers

Mrs. Harcourt Hervey Jr. was elected president of the Junior League of Pasadena Inc. when members of that organization met last Tuesday.

Chosen to serve with Mrs. Hervey in the coming year were Mrs. L. Robert Sorenson, first vice president; Mrs. Davidge Morphy, second vice president; Mrs. William Ward, corresponding secretary; Mrs. Norbert Verbeck, recording secretary, and Mrs. Donald McGilvray, treasurer.

Chairmen of standing committees elected were Mrs. Richard Hambleton, admissions; Mrs. John Shirley Ward Jr., arts; Mrs. Warner Marsden, by-laws and legislation; Mrs. H. J. Bedell, Community News; Mrs. Leroy Sanders Jr., education, and Mrs. J. K. Cameron, finance and projects.

Also, Mrs. Howard Wright Jr., hospitality; Mrs. Daniel Foley, nominations; Mrs. Donald Morrison, placement; Mrs. John Fleming, Players; Mrs. William Witmer, Pops Concert; Mrs. Ralph Phillips Jr., provisionals; Mrs. Charles Ennis, publicity; Mrs. Waller Taylor II, public relations; Mrs. Dickinson Barker, transfer; and Mrs. Louis Rowan, ways and means.

Board associates elected were Mrs. Robert Morton, Mrs. Ross Barrett Jr. and Mrs. Henry Reed, advisors; Mrs. Evan Thomas, advertising manager of the News; Mrs. Brice Toole Jr., assistant Pops chairman; Mrs. Stuart McLaren, assistant provisional chairman, and Mrs. Clark Cornell, assistant treasurer.

The League also approved the Administration and Community Trust Fund budgets for the coming year which were presented by Mrs. John Kenneth Cameron, chairman of the finance and projects committee.

The income for the fiscal year 1956-1957, as estimated by the committee, totaled $15,490. Two of the three Junior League money-raising projects, the Next-to-Nothing Shop and the Community News, provided this income.

Due to reconstruction at Santa Anita race track, the third project, the Pops Concerts, was not undertaken during the past year. However, a gift of $2,000 from the Santa Anita Turf Club was made to the Junior League Community Budget.

Among the agencies and groups which will receive donations from the League's Community Budget are the Pasadena Art Institute, the Volunteer and Welfare Information Service and the Community Friendship Center.

Budgetary appropriations were made which will enable the Junior League to continue its four popular cultural projects, the Youth Concerts and Operas, the Junior League Players, the Garden Club and the Workshop.

Mrs. Cameron emphasized that the outstanding success of the Junior League's fund-raising projects is due to the splendid support of the community and to the efficient volunteer services of League members.

Hi, gang! Here we are again, another Thursday. Did everyone have a nice St. Patrick's Day? Last week's assembly was certainly a knockout, wasn't it? Tony Gonzales really knows how to play that Thomas Electric Organ. Among the selections that pleased us most were "Tea for Two," "Blue Moon," "Shanty Up, Shanty Down," "Lover," "Has Anybody Seen My Gal?"

Marshall's "A" and "B" track teams did it again! Last Friday the boys who run on the cinder track and compete on the field easily defeated the athletes from McKinley amidst the cheering of what seemed like the entire student body. Brother Paul ran in the sprint relay and we thought it would be hard to talk to him and some of the other track members who drop in at the house, but they have taken it all "in stride" (pun) and aren't swell-headed at all. They promise to keep up the good work.

BARBARA McWILLIAMS had a slumber party March 15-16 and among those who enjoyed it were Cynthia Ellet, Linda Baugher, Judy Davis, Nancy Evans, Karen Forsberg, Carol Emery, Gale De Woskin, Barbara Brown and, of course, Barbara McWilliams herself. Saturday they all went to Bullock's Fashion Show. It was a real blast, from all accounts.

THE 10TH Grade Y-Teens invited the Ninth Grade Y-Teens to a special program presented by William Adrian and his teen-age models on March 12, which was enjoyed by all the kids. Then last Thursday the Y.F.C. held a talent show, with Diane Moore in charge.

Moved: Putzel Osterman, who now lives in West Covina. Sorry to see you go.

ELVIS PRESLEY! Yes, that is who Marianne Cumings met — in person! Marianne, who moved here from Las Vegas, says she likes Marshall students, but she stays mum about the school itself . . . Sue Yarnell had a party March 2, and just about everyone and his brother was there. Among the guests: Lauralee Strieter, Louise Lauder, Phronie Thompson, Marilyn Jackson, Don Hughes,

Hi, gang! Here we are again, another Thursday. Did everyone have a nice St. Patrick's Day? Last weekend was very full. There were three parties that I knew of.

Helen Holmes had her party Friday night from 8 to 11. When I asked her if she was planning anything special she replied, "It's just a regular party."

Bill Beisuss, Dick Toohey, Susie Cain, Bonnie Reeve, Doug Misch, Jan Lindman, Larry Kitsler, Julie Sarmast, Westley Garlatz, Judy Skove, Dale Frey, Mur Black, Jim Brandin, Sandy Doshier, Al Haman, Bill Genthe, Barbara Barlow, Johnny Werbelow, Judi Bonzi, Dennis Wallberger, Joan Carroll, Leroy Kanus, Kent Eichner, Dick Flood, Barbie Cain, Barbara Kay, David Hall and Dana Moor attended.

* * *

SUSAN HUBLEY also had a party last Friday night. Susan had the regular gupp (it's not really gupp, but that's what the parents call it) of cokes and cookies for refreshments. Everyone danced and had a good time from 7:30 to 12.

Bucky Bucklen, Ed MacKenzie, Henry Rhone, Ray Hinkley, Dick Toohey, Kent Eichner, Johnny Werbelow, Johnny Baker, Craig Windell, Terry Crestman, Norman Manz, Bob Blumer, Brad Thompson, Gary Wallberger, Keith Owen, Judy Vogel, Lynn Eichelberger, Judy Jennings, Ditty Dittberner, Pat Henger, Gretchen Schulz, Pat Dickson, Pris Watson, Sheila Donnell, Marsha Raymond, Isabel Lopez, myself and Sue were invited.

Guys from Marshall, P.H.S. and "HOODS INC." from Wilson crashed. I must say it made it more exciting.

* * *

WHAT TO DO if there are two good parties on the same night: Some kids go to both.

* * *

THE PARTY Saturday night was held at Sandy Hawkins home. This party also was just regular with the Clutchers, Oilers and Doyle Inc. crashing.

Among the invited were Gary Wallberger, Sharon Westover, Johnny Baker, Beth Glavas, Fred Thompson, Bev Danciart, Sherry Britt, Isabel Lopez, Keith Owen, Ray Hinkley, Annette Liable, Linda Ellis, Phil Connie, Judy Packard, Tom Magine, Val Anderson, Jim Thompson, Carolyn Elliot,

Board Candidates Face Runoff Election April 4

Pasadena will go to the polls April 4 to decide whether W. Blake Fairweather or Clarence A. Oakley should have the Fifth District seat on the Pasadena Board of Directors. In Thursday's election the two candidates came out ahead of a field of eight, including four from Hastings Ranch.

C. Lewis Edwards, unopposed, won the Third District seat. A. Ray Benedict, incumbent from the First District, defeated his only opponent, John H. Hayes, by more than three to one.

Pasadenans also apparently feel that $10 a meeting for the once-a-week regularly scheduled meetings of the board is sufficient. They soundly voted down a raise to $25 a meeting, with the total not to exceed $125 a month.

Only 21 per cent, or 12,269, of the city's 61,000 registered voters turned out to vote. Even in Hastings Ranch, where a heavy vote was expected, the percentage ran little better.

One Hastings Ranch candidate, Carl M. Shafer, was third in his race, missing a chance for a runoff with the leader, Fairweather, by only 310 votes. Fairweather polled 4,018; Oakley, 2,570; Shafer, 2,260; Donald Wagner, 1,940; William E. Pankey Jr., 794; Charles H. Ayres, 450; William L. Sevivia, 137, and Ira Isaacson, 91.

Schlueters Surprised At Party

Mr. and Mrs. George A. Schlueter, 1235 Tropical, were honored at a surprise "Happy Landing" dinner party in the home of Mr. and Mrs. Brooks Tromas, 1210 Tropical, before enplaning for a holiday in Mexico City.

Those neighbors taking part in the evening's festivities were Mr. and Mrs. William M. Lawson, Mr. and Mrs. Bob Jacobson, Mr. and Mrs. Jack Babick, Mr. and Mrs. Robert Fainer and Mr. and Mrs. Gordon S. Templar.

Also, Mr. and Mrs. James A. Gittinger, Mr. and Mrs. Bill Garr, Mr. and Mrs. Alpheus L. Pruitt and Mr. and Mrs. C. Don Hays.

Two Painters Hang Work at Orange Show

Two Hastings Ranch artists, Jayne Ayres and Ann Roberts, have paintings in the All-California Art Exhibit being held in conjunction with the 42nd annual National Orange Show in San Bernardino through Sunday.

The pair are among 15 San Gabriel Valley artists to have their work accepted for the show.

Jayne Ayres is Mrs. Charles Ayres, 3880 Canfield, and Ann Roberts is Mrs. John Roberts, 1190 Coronet.

Melissa Malig Celebrates Birthday

Melissa Malig, daughter of Mr. and Mrs. Fred J. Malig, 1215 Michillinda, celebrated her sixth birthday anniversary at an afternoon party.

Highlight of the occasion was the arrival of GooGoo, the "Clown Prince" from Moulin Rouge, who entertained the young guests with his gay antics.

Seen taking part in the fun were Claudia and Linda Uebbing, Katie and Eddie O'Donnell, Jackie Zea, Nancy Raiken, Debbie Gilmore, Kathleen Conway, Shannon Murphy, Barbara Thackery and Sharene Yachzel.

Hastings Guild Holds Regular Monthly Meeting

Members of Hastings Ranch Guild of Cystic Fibrosis Foundation met last night in the Arcadia home of Mrs. William Ewing, 623 Arbolada, for their regular monthly meeting.

Following a short business meeting, presided over by the president, Mrs. Richard McClain, the group worked on flowers for its coming fashion show and luncheon, "Spring Frolic," slated for March 28 in the Huntington-Sheraton Hotel ballroom.

Co-hostesses for the evening were Mrs. S. Robert Bremer and Mrs. Wayne Blackman.

NEW AD MANAGER

Fred M. Parke has resigned as vice president of Johnson & Lewis Advertising to become advertising manager of First Western Bank and Trust Co., San Francisco.

'Jolly' Pauloo Married In Fresno

Newlyweds Mr. and Mrs. Henry Louis (Jolly) Pauloo are making their home in Tucson, Ariz., where he is stationed at Davis-Monthan Strategic Air Command Base. "Jolly," as he is known to Hastings Ranch friends, and his bride, the former Miss Virginia Joan Kleinschmidt, of Fresno, were married in that city March 9.

Fresno, were married in that city March 9.

On March 11, the pair were feted at a reception for 100 friends given by his parents, Mr. and Mrs. Richard A. Pauloo, 3739 Canfield.

The wedding was held in the home of the bride's parents, Mr. and Mrs. John Wisner, with the Rev. George Woodgate officiating at the Episcopal service. The bride, a petite brunette, was lovely in her ballerina length gown of stiffened lace, which was designed with three-quarter sleeves and sweetheart neckline. Her short veil fell from a pearl circlet adorning her chignon, and her flowers were pink and white roses.

Mr. and Mrs. Joshua Haynes attended the couple as best man and matron of honor. Mrs. Hayes was gowned in pink embroidery organdy and carried pink roses.

Pink and white were used in decorations for the wedding, and also were employed at the reception given by the Pauloos. The bride's mother wore beige lace, with a gardenia corsage, and Mrs. Richard Pauloo was gowned in irridescent red and black taffeta. She also wore white gardenias.

Included in the wedding party of 15 were Misses Sylvia and Julia Pauloo, who went to Fresno with their parents. Following the private ceremony a dinner was held at the Hacienda in Fresno.

The bridegroom, who attended Wilson Junior High and Pasadena City College before enlisting in the Air Force, is an Airman Second Class, working in electronics. The bride, who has many friends in this area, having lived for a short while in Altadena, attended schools in Fresno, and the University of Arizona.

Brookside Park Is Good Site for Big League Ball

By Charles Ayres

Sometimes in order to appease the offspring, a guy is dragged off to places he'd just as soon not go to, particularly if the weather's not too good.

Such was the case Sunday as I shivered through a baseball game at Brookside Park between a couple Pacific Coast League entries taking their spring exercises.

It's not that I don't like baseball. Quite the contrary. As a matter of fact I've been known to feel most strongly for it. It's just that since turning 29 I've been more conscious of comfort.

BE THAT as it may, there I was and the game wasn't overly exciting, except for one moment when play was interrupted while a 6-year-old fan was retrieved.

While huddled in a corner trying to keep warm, I could not help but think what a chance Pasadena is missing by not promoting a big baseball stadium at that site for the big league team that is supposed to be headed this way.

The area already claims the country's finest and most famous football stadium and there is adequate grounds for a baseball park and the field is already in.

Besides there is parking for a crowd of 100,000 on New Year's Day and for baseball there wouldn't be any need to louse up the golf course. Traffic control is down to a science in that area and it's easily accessible from all parts of Southern California.

LOOK AT the advantages to Pasadena. The ground could be leased and the county or private capital build the park. The taxpayers could derive further benefit by getting a cut of the concession take and cars could be charged a quarter to park. Why before you knew it we'd all quit envying Arcadia for having Santa Anita.

And besides we wouldn't have to spring for any of our officials to fly to Florida since that trip has already been made and they could leave Chaviz Ravine for a good issue in the next Los Angeles political campaign.

Alpha Chi Alums Meet Tonight

Pasadena Junior Alumnae of Alpha Chi Omego will hold their monthly meeting tonight at the home of Mrs. Thomas Stephens, 513 San Luis Rey, Arcadia.

Assisting Mrs. Stephens as co-hostesses will be Mrs. M. W. Beifuss, Mrs. John Crook and Mrs. J. Robert Winegardner. Officers for the coming fiscal year will be elected.

Diet Is Important Factor In Birth of Healthy Child

(Presented as a public service by the Foothill Branch of the Los Angeles County Medical Association)

No pleasure in a woman's life exceeds that of delivering a healthy child to this world.

One of the simplest, yet most important factors contributing to birth of a healthy baby is the diet of the mother during pregnancy.

Special attention should be given the diet. The child obtains its food supply from the mother, and if she is deficient in essential materials for healthy building of bones, tissues and teeth, a weak, unhealthy baby may result. On the other hand, a diet supplying the necessary substances will foster the development of a healthy, well-formed baby.

AN ADEQUATE intake of the essential foods is especially important for the pregnant woman. These consist of milk, fruits, vegetables, meat, fish, poultry, cheese, eggs, bread and cereals.

A weight gain of from 20 to 25 pounds during the period of pregnancy is considered normal. Strict adherence to the diet will not only maintain this satisfactory increase but make it easier for the mother to regain her normal figure after the birth of the baby.

Eating large amounts of fats, however, such as fatty meats, butter and cream, fried foods and gravy, produce an abnormal weight gain which, in turn, taxes the function of the kidneys, liver and heart. This is also true of starches, such as spaghetti, noodles, bread and potatoes; salty foods like popcorn, salted peanuts and sweets such as sugar, candy and pastries.

ACTIVITY OF the thyroid gland is increased during pregnancy. An adequate amount of iodine—necessary to this organ—can be maintained by substituting sea food at least once a week for the daily serving of lean meat, or using iodized salt.

Regular elimination of the bowels and kidneys is most important. Their smooth functioning can be maintained by drinking large amounts of water and fruit juices. Fresh fruit also is recommended.

Advice and counsel of a doctor of medicine is necessary to a woman's well-being from the earliest moment of pregnancy.

AUTO CLUB MOTORLOG

Year-Round Fishing Attracts Anglers to Parker Dam Area

If you're the kind of person who can never get enough fishing, the Colorado River area is for you. For in most places along this body of water separating California and Arizona, there's year-round fishing—and 24 hours a day at that, reports the Outing Bureau of the Automobile Club of Southern California.

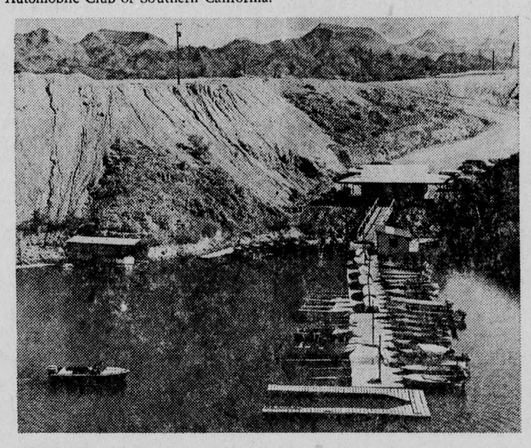

Although there are literally hundreds of fishing camps and resorts along the Colorado, this motorlog deals with Parker Dam and Palo Verde, two meccas for anglers interested in bass, catfish, crappie, and bluegill.

Moreover, there are a variety of accommodations in both areas to suit either the "bedroll" or the "innerspring" type of sportsman. Camps in both areas also provide boat and tackle rentals.

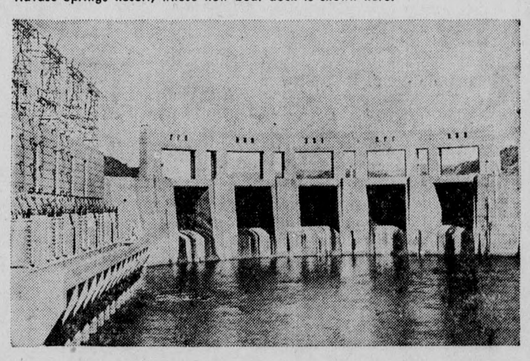

Interstate license regulations require all persons fishing from a boat or other floating device in these waters to have a Colorado River Special Use Stamp attached to their regular license. Shore fishing, however, requires only a valid license from the State having jurisdiction over the shoreline. The Colorado River Use Stamp costs two dollars and expires with the State license. Non-resident license fees are five dollars in Arizona, ten dollars in California; a special 10-day California permit may be obtained for three dollars.

A 226-mile trip from San Bernardino, the route to Parker Dam follows US 91 to Colton, US 70 to Desert Center and then Aqueduct Road to the dam. The trip passes through the citrus belt of San Bernardino Valley, and between the Beaumont-Banning stretch the scene changes to the cherry orchards of San Gorgonio Pass. The remainder of the trip is through desert country.

Palo Verde is 195 miles from San Bernardino and also starts with a drive along US 91 to Colton. From Colton, follow US 70 to Blythe and then take the county road south to Palo Verde.

RESORT — One of the most modern camps in the Parker Dam area is at the Havasu Springs Resort, whose new boat dock is shown here.

PARKER DAM — Utilized for flood control and irrigation purposes, Parker Dam has been a tremendous boon to the desert area adjacent to the Colorado River area.

Padua Hills To Have New Play

Only two weeks remain for Southland theatergoers to see the comedy, "Angelita," now on stage at the Padua Hills Theater in Claremont.

Closing date of the production is March 30. It will be followed by "En el Mes de Mayo," now in rehearsal.

Scoring a success in the current hit is Yolanda Alba, 9-year-old Claremont girl, who is delighting critics with her portrayal of the "devilish little angel." Her intrusion into the love life of an older sister develops one amusing situation after another. Mexican songs and dances are interwoven into the play.

Others featured in the cast are Micaela Velasquez, Gregorio Veladez, Conchita Gallardo, Salvador Espinosa, Ricardo Chavez, Francisco Velazquez and Manuel Gonzales. The play is directed by Eligio Herrera.

Scheduled to play the romantic male lead in "En el Mes de Mayo" is Rogelio Alfaro who is returning to the Padua Hills stage after a two-month vacation in Mexico.

Performances of "Angelita" are being given Wednesdays through Saturdays at 8:30 p.m. with matinees Wednesdays and Saturdays at 2:30.

The Padua Hills dining room, with the Mexican Players singing and dancing at all meals, is open daily except Monday. Reservations are available at LYcoming 5-1288.
